

Re: Petition# 02-279 by members of CBA

Dear FCC Representatives,

I am asking that the FCC ignore members of the CBA wanting to alter or eliminate Indiana's Do Not Call List. We do not want the law to be changed or replaced by the weaker Federal statute.

We, as well as the overwhelming majority of Hoosiers (& Americans), find Telemarketers as an unwanted intrusion & complete nuisance. These calls are a waste of their time & ours; we have never done business with Telemarketing firms & never will.

Sincerely,

Verne "Kip" & Jill Watts
